

This is my original chart. The chart on page 75 of the book shows an extra knit stitch where there should be nothing. If you are working from the book, omit the extra knit stitches on rounds 7 and 8 in position 28.

Pattern line "Round 7" on page 74 should not have "K1" before the final P2tog of the repeat.

The corrected line should read:

Round 7: \*RT, p3, PBC, p1, 1BC, 1FC, p1, PFC, p3, RT, p2tog, RT two times, p2tog; repeat from \*. You now have 140 stitches.
